

Every CFO Wants Three Things.

Applexus AI Agents help deliver all three

**Close
Faster.**

**Reduce
Risk.**

**Make Better
Decisions.**

THE CHALLENGE

Your system flags the exceptions.
It doesn't tell you why or what to do.

ERP

Spreadsheets

Prior Periods

Disconnected
Systems

Root cause
takes too long.

Context is scattered
across systems.

Close slows
down.

THE APPLEXUS APPROACH

Ask one question.
The Finance Agent does the investigation.

Finance Agent

Anomaly, variance, trend, overall risk, treasury and ad-hoc analysis

CFO

Can we close this period?

assessment

BUSINESS IMPACT

Faster Close

From weeks to days
with AI-driven insights.

Lower Risk

Proactively identify
and resolve exceptions.

Better Decisions

Trusted, real-time insights
for planning, treasury
and controls.

Higher Productivity

Let your teams focus on
analysis and action, not
manual investigation.
